

Inventory Details – We would like to inform you that the project consists of a total of 190 plots in this phase of development. This includes 189 residential & commercial plots with areas ranging from 50 square meters to 306 square meters, and one plot measuring 12,878.53 square meters earmarked for an inter college, as indicated in the approved layout. The details of all 190 plots have been duly filled in the Plan Detail section.

Furthermore, we wish to inform you that an area of 2,040.05 square meters has been earmarked for EWS/LIG housing. The construction on this portion will be undertaken in a subsequent phase, and a separate RERA registration will be applied for at that stage.
