**Subject: Changed the project area field in the project registration form**

Dear Sir

This is to inform you that we had filed an application for registration of our project Rudraksh Paradise situated at Khasra no. 830, 832 **Mauja Pachimpur Aharak, Pargana Athgawa Tehsil-Pindra, Varanasi, Uttar Pradesh**, Application ID: 854312

That inadvertently at the time of registration there was a clerical error in typing the project area, actual area of plot considered is **9615.98 sqmt.** of the project but it is wrongly entered as **10101 Sqmt.** and therefore it is requested that the relevant figure to be changed. You will appreciate that we are a reputed firm and hence this was only on account of a clerical error and nothing else.

Thanking You!
