1. This drawing is a part of the contract documents for the project and shall be read in conjunction with the other drawings and specifications. It is the responsibility of the contractor to verify the accuracy of the information shown on this drawing. 2. The contractor shall be responsible for obtaining all necessary permits and approvals for the work shown on this drawing. 3. The contractor shall be responsible for coordinating the work shown on this drawing with the other trades and subcontractors. 4. The contractor shall be responsible for maintaining the safety of the work area and the surrounding property. 5. The contractor shall be responsible for protecting the existing structure and finishes. 6. The contractor shall be responsible for the removal and disposal of any debris or materials generated during the work. 7. The contractor shall be responsible for the final cleanup and restoration of the work area. 8. The contractor shall be responsible for the final inspection and approval of the work. 9. The contractor shall be responsible for the final payment of the project. 10. The contractor shall be responsible for the final handover of the project to the client.
