2ND & 3RD FLOOR PLAN
COMMUNITY

The image shows a detailed architectural floor plan of a building, likely a school or institutional structure. The plan is centered on a large, rectangular area with a complex internal layout. At the top, there are two large rectangular rooms, possibly auditoriums or lecture halls, each with a stage area. Below these are several smaller rooms, including what appear to be classrooms or offices, arranged in a symmetrical fashion around a central corridor. The plan includes numerous doors, windows, and internal partitions. A scale bar is located at the bottom of the plan, indicating a length of 10 meters. The entire plan is drawn in blue ink on a white background.
