To,

Executive Engineer

UP RERA

Subject: - "Regarding Fire NOC"

Sir,

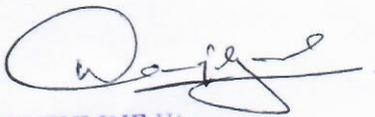

We were asked by your good office to provide fire NOC regarding our project 'Uma Atmosphere'.

We would like to clarify that the fire NOC is required for the building whose height is above 9 meter.

The height of building in the project is 9 meter. Therefore we are not liable to obtain the fire NOC from the fire department.

We request you to kindly do the needful and register the project as soon as possible.

Thanking you.
