Sub.: Ground water extraction permission for our infrastructure project "Omaxe Eternity" township, Chhatikara Road, Vrindavan, District Mathura, Uttar Pradesh

Sir/ Mam,

We have established a township called "Omaxe Eternity" Chhatikara Road, Vrindavan, District Mathura, Uttar Pradesh. The total area of "Omaxe Eternity" township is 57.84 acres.

Within the above mentioned township, we had received Environmental Clearance for construction of group housing in an area of 57.84 acres and built up area 1,49,638.31 sq.m. vide letter no.1120/SEAC/401/2010/TA(J)/ dated 10th July,2010. The EC was for group housing construction under category 8(a) within the township since the built up area was less than 1,50,000 sq.m.

The township had been completed and we had applied for consent to operate under Air and Water Act on 09.12.2016. We are desirous of making borewells to supply water to the residential projects. As per point no. 11 of the above mentioned environmental clearance letter (given as Annexure 9 to the Application enclosed), we have to "obtain necessary clearance from the competent authority on the abstraction and use of ground water during the construction and operation phases".

Thus, we are applying for withdrawal of ground water for our infrastructure project. We have applied online and the printout of the same is attached along with the demand Draft no. 072670 of Rs. 1000 from Axis Bank in favour of POA, CGWB payable at Faridabad.

We request you to process our application at the earliest. Please do not hesitate to contact us for further clarification.

Thanking You
