Dear Sir,

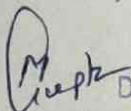

Subject : Regarding Explanation required in case of construction of 61 Duplexs in 51 Months

As per the quoted subject we would like to inform you that we have applied for Rera registration in case of Ganesh Enclave Phase 1 (Radhey Radhey Farm houses LLP). A explanation was required by your esteem department regarding the construction of 61 villas in 51 months .

We would like to inform you that the duplexes/houses are constructed in phase manner after completion of other development work related to duplexes to be constructed . We would further like to inform that the different specification labour is required for construction of duplexes which is not easily available and due to which there is delay in construction of duplexs and therefore it will take around 51 months for construction of 61 duplexs .

Thanks & Regards
