Subject: Regarding uploading of Electricity Supply Plan of Project Eldeco Skywalk bearing application ID1436792.

Respected Sir,

In reference to the above we would like to inform you that the Electricity Supply Plan is approx 12 MB file and once we compress it under 2 MB it becomes illegible. The minimum size of the legible compressed copy is coming to approx 4.5 MB.

You are aware that the file size allowed for documents/drawings under the head upload documents on UPRERA portal is 2 MB as such we have uploaded the legible copy of Electricity Supply Plan under the heading Land documents >>Extract of Khatauni >> 14367926373.pdf (uploaded file name) as file size of 10 MB is allowed for Land Documents.

We undertake to upload the Electricity Supply Plan of Eldeco Skywalk under upload documents >> Electricity Supply Plan once the permitted file size is increased on UPRERA portal.

The same is for your consideration and records.

Thanks and Regards
