

| S. No. | Description                    | Unit                                | Qty | Rate                              | Amount                            | Remarks                                      |
|--------|--------------------------------|-------------------------------------|-----|-----------------------------------|-----------------------------------|----------------------------------------------|
| 1.     | Power Distribution Panel (PDP) | 1000 VA                             | 1   | 15000                             | 15000                             | For 1000 VA load                             |
| 2.     | Power Distribution Panel (PDP) | 2000 VA                             | 1   | 25000                             | 25000                             | For 2000 VA load                             |
| 3.     | Power Distribution Panel (PDP) | 4000 VA                             | 1   | 45000                             | 45000                             | For 4000 VA load                             |
| 4.     | Power Distribution Panel (PDP) | 8000 VA                             | 1   | 85000                             | 85000                             | For 8000 VA load                             |
| 5.     | Power Distribution Panel (PDP) | 16000 VA                            | 1   | 170000                            | 170000                            | For 16000 VA load                            |
| 6.     | Power Distribution Panel (PDP) | 32000 VA                            | 1   | 340000                            | 340000                            | For 32000 VA load                            |
| 7.     | Power Distribution Panel (PDP) | 64000 VA                            | 1   | 680000                            | 680000                            | For 64000 VA load                            |
| 8.     | Power Distribution Panel (PDP) | 128000 VA                           | 1   | 1360000                           | 1360000                           | For 128000 VA load                           |
| 9.     | Power Distribution Panel (PDP) | 256000 VA                           | 1   | 2720000                           | 2720000                           | For 256000 VA load                           |
| 10.    | Power Distribution Panel (PDP) | 512000 VA                           | 1   | 5440000                           | 5440000                           | For 512000 VA load                           |
| 11.    | Power Distribution Panel (PDP) | 1024000 VA                          | 1   | 10880000                          | 10880000                          | For 1024000 VA load                          |
| 12.    | Power Distribution Panel (PDP) | 2048000 VA                          | 1   | 21760000                          | 21760000                          | For 2048000 VA load                          |
| 13.    | Power Distribution Panel (PDP) | 4096000 VA                          | 1   | 43520000                          | 43520000                          | For 4096000 VA load                          |
| 14.    | Power Distribution Panel (PDP) | 8192000 VA                          | 1   | 87040000                          | 87040000                          | For 8192000 VA load                          |
| 15.    | Power Distribution Panel (PDP) | 16384000 VA                         | 1   | 174080000                         | 174080000                         | For 16384000 VA load                         |
| 16.    | Power Distribution Panel (PDP) | 32768000 VA                         | 1   | 348160000                         | 348160000                         | For 32768000 VA load                         |
| 17.    | Power Distribution Panel (PDP) | 65536000 VA                         | 1   | 696320000                         | 696320000                         | For 65536000 VA load                         |
| 18.    | Power Distribution Panel (PDP) | 131072000 VA                        | 1   | 1392640000                        | 1392640000                        | For 131072000 VA load                        |
| 19.    | Power Distribution Panel (PDP) | 262144000 VA                        | 1   | 2785280000                        | 2785280000                        | For 262144000 VA load                        |
| 20.    | Power Distribution Panel (PDP) | 524288000 VA                        | 1   | 5570560000                        | 5570560000                        | For 524288000 VA load                        |
| 21.    | Power Distribution Panel (PDP) | 1048576000 VA                       | 1   | 11141120000                       | 11141120000                       | For 1048576000 VA load                       |
| 22.    | Power Distribution Panel (PDP) | 2097152000 VA                       | 1   | 22282240000                       | 22282240000                       | For 2097152000 VA load                       |
| 23.    | Power Distribution Panel (PDP) | 4194304000 VA                       | 1   | 44564480000                       | 44564480000                       | For 4194304000 VA load                       |
| 24.    | Power Distribution Panel (PDP) | 8388608000 VA                       | 1   | 89128960000                       | 89128960000                       | For 8388608000 VA load                       |
| 25.    | Power Distribution Panel (PDP) | 16777216000 VA                      | 1   | 178257920000                      | 178257920000                      | For 16777216000 VA load                      |
| 26.    | Power Distribution Panel (PDP) | 33554432000 VA                      | 1   | 356515840000                      | 356515840000                      | For 33554432000 VA load                      |
| 27.    | Power Distribution Panel (PDP) | 67108864000 VA                      | 1   | 713031680000                      | 713031680000                      | For 67108864000 VA load                      |
| 28.    | Power Distribution Panel (PDP) | 134217728000 VA                     | 1   | 1426063360000                     | 1426063360000                     | For 134217728000 VA load                     |
| 29.    | Power Distribution Panel (PDP) | 268435456000 VA                     | 1   | 2852126720000                     | 2852126720000                     | For 268435456000 VA load                     |
| 30.    | Power Distribution Panel (PDP) | 536870912000 VA                     | 1   | 5704253440000                     | 5704253440000                     | For 536870912000 VA load                     |
| 31.    | Power Distribution Panel (PDP) | 1073741824000 VA                    | 1   | 11408506880000                    | 11408506880000                    | For 1073741824000 VA load                    |
| 32.    | Power Distribution Panel (PDP) | 2147483648000 VA                    | 1   | 22817013760000                    | 22817013760000                    | For 2147483648000 VA load                    |
| 33.    | Power Distribution Panel (PDP) | 4294967296000 VA                    | 1   | 45634027520000                    | 45634027520000                    | For 4294967296000 VA load                    |
