2. We affirm that the nala, as recorded in the land documents, has been duly acknowledged and appropriately represented in our superimposed sajra plans. We undertake that our development does not, in any manner, alter, obstruct, or interfere with the Nala. One of the proposed roads merely traverses over the nala through a non-intrusive structure, without disturbing its course, character, or alignment. The nala shall remain preserved in its existing form, and no construction or encroachment shall occur within or along its path. However, we undertake that any improvements required, as per local municipal laws that shall be borne and taken care of by us.

3. We affirm and submit that the chakroad, as shown in the revenue records, has also been acknowledged and preserved in its entirety in our submitted superimposed plan. A portion of one of our primary roads runs along the chakroad; however, the chakroad shall remain undisturbed and accessible. There is no proposal to realign, block, or encroach upon it in any manner. Additionally, in the area designated for future commercial development, the chakroad will be maintained in its current state, with commercial activity proposed only on either side of it, ensuring its full continuity and functionality.
