

AREA DIAGRAM FOR TYPE C UNIT

| S.NO. | PARTICULARS          | AREA (SQ.M) |
|-------|----------------------|-------------|
| 1     | COVERED AREA OF UNIT | 6.980       |
| 2     | 1                    | 3.525       |
| 3     | 2                    | 2.125       |
| 4     | 3                    | 3.550       |
| 5     | 4                    | 0.200       |
| 6     | 5                    | 0.500       |
| 7     | 6                    | 1.825       |
| 8     | 7                    | 4.835       |
| 9     | 8                    | 2.650       |
| 10    | 9                    | 1.625       |
| 11    | 10                   | 4.835       |
| 12    | 11                   | 2.650       |
| 13    | 12                   | 1.625       |
| 14    | 13                   | 4.835       |
| 15    | 14                   | 2.650       |
| 16    | 15                   | 1.625       |
| 17    | 16                   | 4.835       |
| 18    | 17                   | 2.650       |
| 19    | 18                   | 1.625       |
| 20    | 19                   | 4.835       |
| 21    | 20                   | 2.650       |
| 22    | 21                   | 1.625       |
| 23    | 22                   | 4.835       |
| 24    | 23                   | 2.650       |
| 25    | 24                   | 1.625       |
| 26    | 25                   | 4.835       |
| 27    | 26                   | 2.650       |
| 28    | 27                   | 1.625       |
| 29    | 28                   | 4.835       |
| 30    | 29                   | 2.650       |
| 31    | 30                   | 1.625       |
| 32    | 31                   | 4.835       |
| 33    | 32                   | 2.650       |
| 34    | 33                   | 1.625       |
| 35    | 34                   | 4.835       |
| 36    | 35                   | 2.650       |
| 37    | 36                   | 1.625       |
| 38    | 37                   | 4.835       |
| 39    | 38                   | 2.650       |
| 40    | 39                   | 1.625       |
| 41    | 40                   | 4.835       |
| 42    | 41                   | 2.650       |
| 43    | 42                   | 1.625       |
| 44    | 43                   | 4.835       |
| 45    | 44                   | 2.650       |
| 46    | 45                   | 1.625       |
| 47    | 46                   | 4.835       |
| 48    | 47                   | 2.650       |
| 49    | 48                   | 1.625       |
| 50    | 49                   | 4.835       |
| 51    | 50                   | 2.650       |
| 52    | 51                   | 1.625       |
| 53    | 52                   | 4.835       |
| 54    | 53                   | 2.650       |
| 55    | 54                   | 1.625       |
| 56    | 55                   | 4.835       |
| 57    | 56                   | 2.650       |
| 58    | 57                   | 1.625       |
| 59    | 58                   | 4.835       |
| 60    | 59                   | 2.650       |
| 61    | 60                   | 1.625       |
| 62    | 61                   | 4.835       |
| 63    | 62                   | 2.650       |
| 64    | 63                   | 1.625       |
| 65    | 64                   | 4.835       |
| 66    | 65                   | 2.650       |
| 67    | 66                   | 1.625       |
| 68    | 67                   | 4.835       |
| 69    | 68                   | 2.650       |
| 70    | 69                   | 1.625       |
| 71    | 70                   | 4.835       |
| 72    | 71                   | 2.650       |
| 73    | 72                   | 1.625       |
| 74    | 73                   | 4.835       |
| 75    | 74                   | 2.650       |
