

- General Notes:**
1. All dimensions are in feet & inches. Do not scale, follow written dimensions.
  2. Refer this drawing along with the other relevant architectural, structural and other services drawings before the execution of work related to this drawing at site.
  3. The contractors must verify all dimensions and levels on site before commencing any site work or preparation of shop drawings and in case of any discrepancy is noticed, the same shall be brought to the notice of the architect and the concerned consultant, and shall be clarified before execution of the work.
