GENERAL NOTES:

- All the dimensions are in millimeters unless otherwise mentioned.
- All the levels are in meters unless otherwise mentioned.
- Detail drawings shall supercede smaller scale drawings and notes.
- Do not scale the drawings. Written dimensions are to be followed. Discrepancies if any should be brought to notice of the architect and resolved before commencement of any work.
- Dimensions shown on these drawings are structural face or block wall face dimensions unless noted otherwise.
- For finishes, refer to schedule of finishes.
- This drawing has to be read in conjunction with relevant structural & MEP drawing. In case of any discrepancies, the same to be brought to be notice of engineer architect and same to be resolved prior to execution of work.
- This drawing is valid subject to all mandatory approvals for the same are taken from relevant approving authorities by the client / liaison architect prior to execution.
- Lift door openings to be co-ordinate with lift manufacturer's approved drawings.
- All railings/grills to be fixed as per fabricators/structural consultants details. In case the details are provided by fabricators/contractors the structural consultant approval will need to be taken for the structural worthiness.
- Insulation over terrace roof to be as per specifications. As per mep and client requirements
- Sleeves to be left in beams for all sprinkler pipes, A.C. chilled water pipes, electrical conduits, etc.
- All MEP cut-outs to be sealed after laying of services(except on external service ledges) as per fire consultant/MEP specification. All services cutouts (on walls or on floors) will be sealed after completing the piping / cabling works as required by fire norms.
- Slab drop in toilet, balcony,etc refer structural dwg for the same.
- This drawing is the property of Architect Hafeez Contractor and it is not to be reproduced, copied or handed over in any form except for the purpose for which it is intended.
