OVERVIEW

- This part of the brief is a summary of the decisions made regarding the interior design and construction of the Nalanda Heights-Group housing at Agra.
- All internal walls are constructed of 8" & 4" thick concrete block with 10 mm cement plaster finish on both sides. Wall thickness may vary depending on the height of the wall.
- All masonry walls to be finished with cement shall be smooth and able to accept and retain appropriate paint finish.
- Floor finish refer finishes schedule.
- Interior paint colors and finishes refer finishes schedule.
- Toilet plumbing fixtures and accessory types and model to be as per approved. Install per local building code. Refer to plans for location.
