SPACIOUS INDEPENDENT HOMES
IN PREMIUM GATED TOWNSHIP

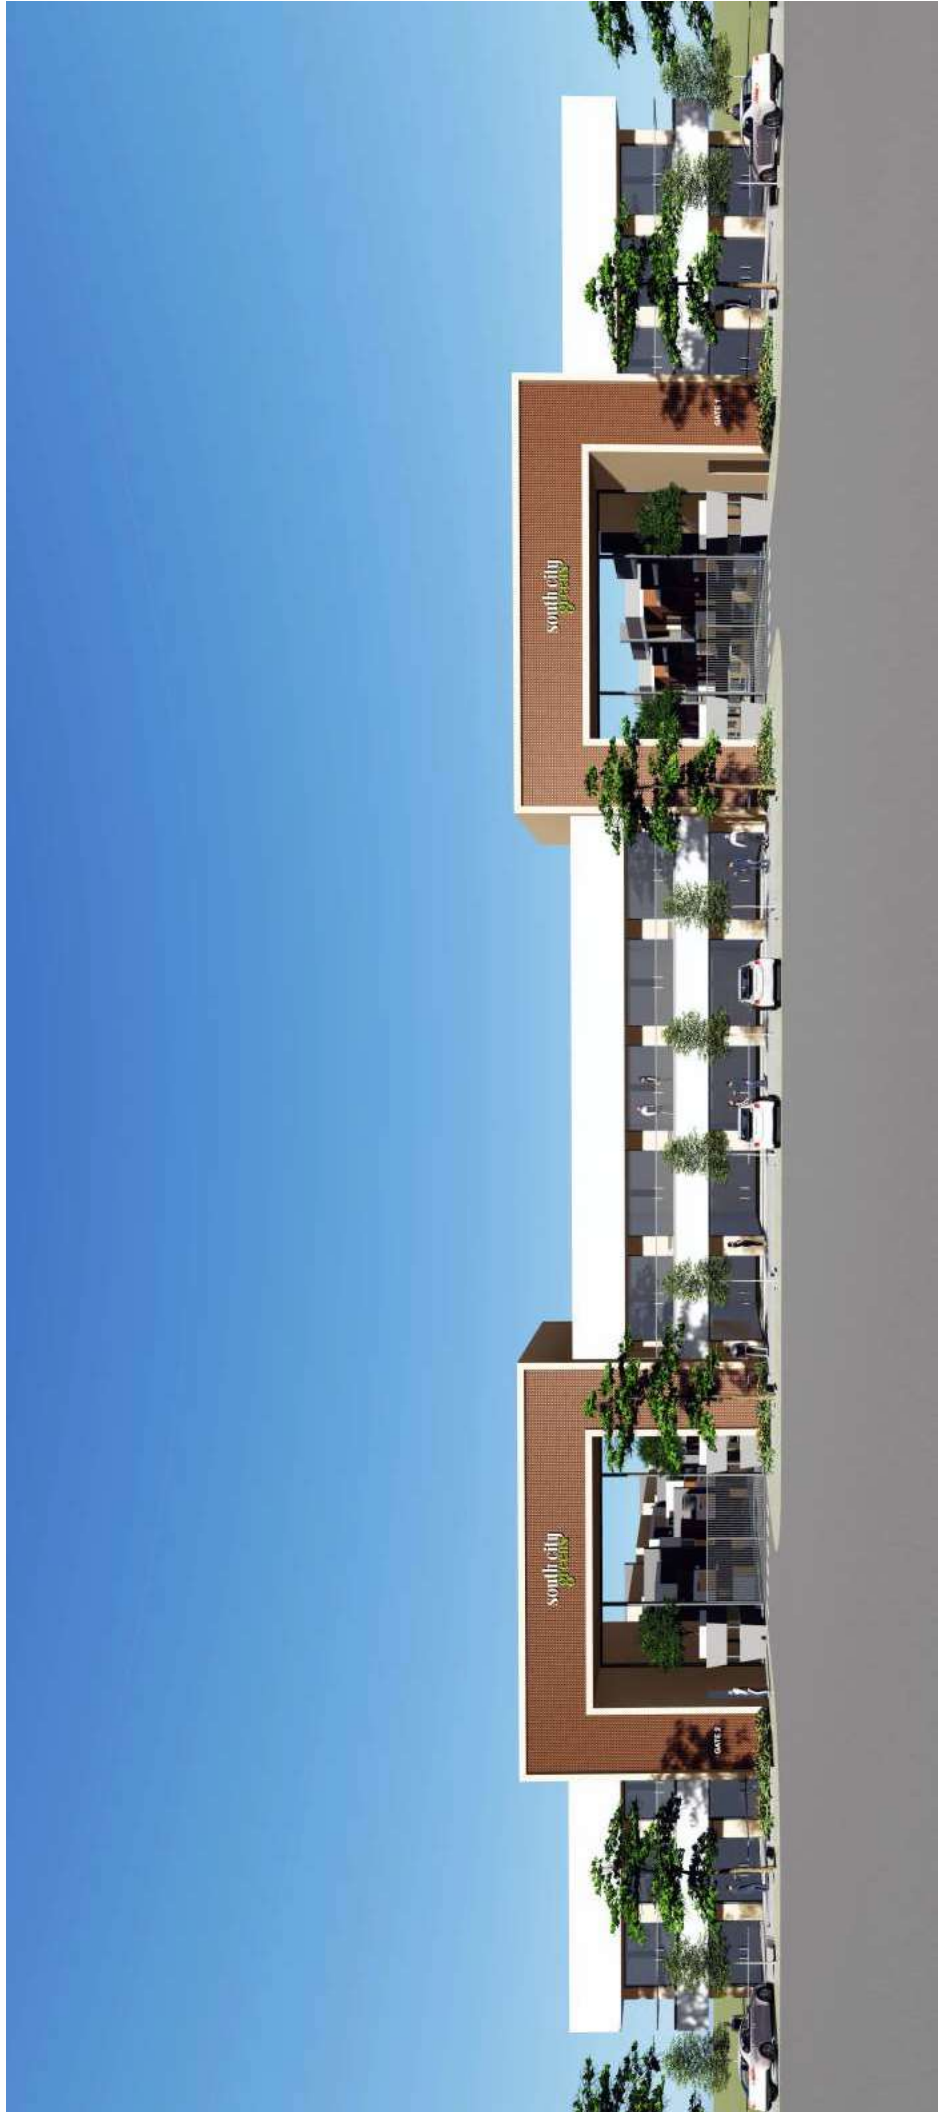

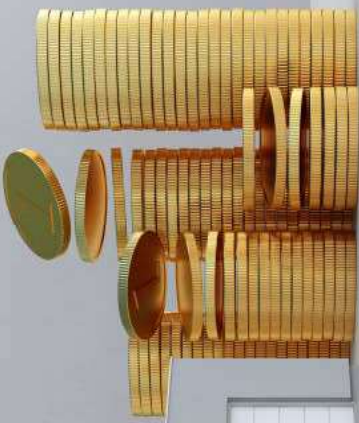

BDA/LD/20-21/0254

Experience tranquility, experience South City Greens

Located at Badaun road, South City greens is a project that preaches what it practices-delivery of not just housing units but a lifestyle that is as sustainable as it is quality-oriented. We are the biggest BDA approved township on Badaun road, with 500 housing units that are spacious, located for good sunlight and ventilation, positioned amid amenities that will make your life comfortable, and, above all, a green environment that gives you peace of mind.

AN OPPORTUNITY FOR A BRIGHTER (AND LUCRATIVE) FUTURE

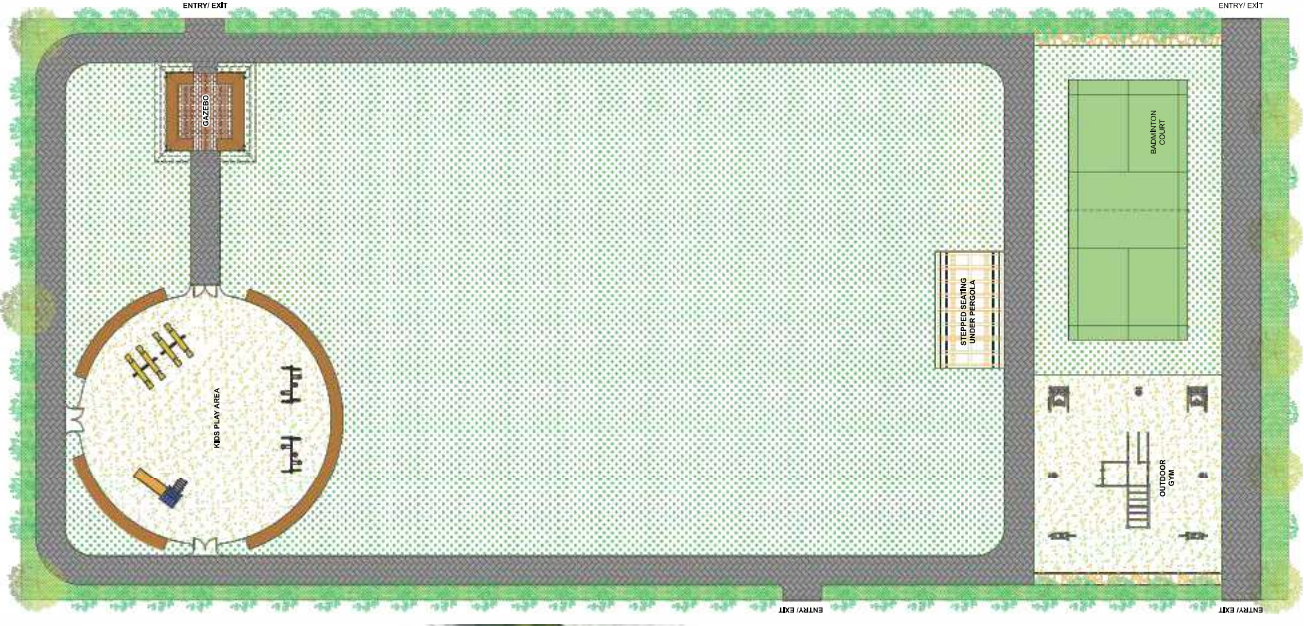

The pandemic brought upon the real estate market a state of depreciative value loss. However, this has opened up an avenue for growth for people who value real estate as a whole.

The prices are slashed and the assets you can acquire today will experience a great amount of future appreciation. It is an opportunity for you to make a smart investment and get your dream house at a price you won't regret.

The housing secretary, Durga Shanker Mishra, has stated that the Indian real estate market was estimated to touch \$1 trillion by 2030. It's time to invest now and reap later!
